

# JUAREZ CRISTIAN

NEXTJS WEB DEVELOPER

## CRISTIAN JUAREZ

cristianjuarezdev@gmail.com  
Buenos Aires, GBA

[linkedin.com/in/cristian-juarez-dev](https://www.linkedin.com/in/cristian-juarez-dev)

Cristian Juarez develops web applications with NextJS while studying for a degree in Computer Science

## PROFESSIONAL RESUMÉ

Computer science student who enjoys software development for front-end projects and specialized in technologies such as **React**, **NextJS** and **Java**. I aspire to learn, train and grow professionally.

## MAIN SKILLS

- Communication
- Learning
- Participation
- Github
- UI/UX
- JIRA
- Figma
- Trello
- CI/CD
- Notion

## CERTIFICATIONS AND EDUCATION

I am in the **second year** of my degree, having promoted intermediate programming subjects and design patterns.

Universidad Nacional de Hurlingham, Licenciatura en Informática.  
2021 - Present

UNIVERSIDAD  
NACIONAL DE  
HURLINGHAM

## TECHNICAL BACKGROUND

### Aplicaciones web con consumo de API

**Professional Portfolio** - It was developed with NextJS and it consumes the Notion API to update in real time. (React/Typescript/SASS/ReactContext)

<https://cristianjuarez.github.io>

**News portal** - Angular project with search engine, filtered by region and language. News API usage. (Angular/Axios/FreeAPI)

<https://cristianjuarez.github.io/therollingpapers>

### Otros - Aplicaciones nativas publicadas

**Juego para Android • PlayStore** - Juego para móviles publicado con Ads, Analíticas y Scoreboard. (C#/Firebase/GooglePlayAPI/GoogleAdmob)

<https://play.google.com/store/apps/details?id=com.MajinGames.StarShooters>
