

# JUAREZ CRISTIAN

NEXTJS WEB DEVELOPER

## CRISTIAN JUAREZ

cristianjuarezdev@gmail.com  
Buenos Aires, GBA

[linkedin.com/in/cristian-juarez-dev](https://linkedin.com/in/cristian-juarez-dev)

Cristian Juarez develops web applications with NextJS while studying for a degree in Computer Science

## PROFESSIONAL RESUMÉ

Computer Science **student** who enjoys software development for front-end and data science projects specialized in technologies such as **React**, **NextJS** and **Redux**. I worked in web applications that provided tools to the university.

## MAIN SKILLS

- NextJS
- React
- Redux
- Github
- UI/UX
- SCRUM
- Figma
- Trello
- CI/CD
- Design

## CERTIFICATIONS AND EDUCATION

I am in the **second year** of my degree, having promoted intermediate programming subjects and design patterns. I completed a Data Science program certified by New Delhi universities.

Universidad Nacional de Hurlingham, Computer Science.  
2021 - Present

Spanish - Native  
English - C1  
German - B2  
Mandarin - A2

## TECHNICAL BACKGROUND

### Frontend & UI/UX

University Billboard - I designed and developed views of the application, was in charge of expanding its compatibility and coordinating part of the front-end team.  
(React/TypeScript/SASS/Tailwind)

Professional Portfolio - It was developed with NextJS and it consumes the Notion API to update in real time. (React/TypeScript/SASS/ReactContext)

<https://cristianjuarezdev.github.io>

Excelsior Caffé - College project which consumes the Notion API and the newest NextJS project structure, responsive & dark theme.  
(NextJS/SASS/NotionAPI)
